Course Offerings

Writing For The PSAT, SAT and ACT

The writing sections of these tests demand skills in standard English word usage, punctuation, sentence construction, and paragraph development. Students will learn grammar, its usage, and a proven step-by-step method for writing high scoring essays. In class, students receive individualized instruction by certified high school teachers, many being scorers for the exam. Included is The College Review's highly acclaimed writing book with additional writing exams. The test makers recommend taking a writing class prior to 11th grade and also as a first step in preparing for the exams.

SAT

Every college in America accepts the SAT as a part of its admission process. Classes consist of effective strategies and techniques guaranteed to improve scores. Our diagnostic edge enables us to determine student needs and to customize programming to meet those needs. Let our certified high school teachers teach the skills needed to be an effective test taker. Each class offers lecture, drills, in class demonstration, and simulated test taking. Class size is small with extra instructors available to offer individual attention in a class format. Our flexible scheduling and free refresher class make us a student's number one choice in test preparation. Free full length test days included. 12 week program includes private tutoring instruction. **Text book included**

ACT

The ACT is America's most widely accepted college entrance exam. Our class provides the master skill building programs in English, mathematics, reading, and science. Certified high school teachers will assess each person's skills to enable the student to be an effective test taker.
